- #1: You will need a tape measure and pencil.
- #2: Stand inside the porch with your back to the house. Sketch a simple layout of your porch.
- #3: Start numbering your openings with opening #1 on your left adjacent to the House. Continue numbering the openings clockwise. Make certain you include a door as a numbered opening.
- #4: Measure in three locations vertically and three locations horizontally as shown above.
- #5: Provide the smallest of the three measurements vertically and the smallest of the three measurements horizontally. These two measurements will be your opening size.
